Mr. Waldemar A. Nielsen
Executive Director
Sprague Committee

Dear Mr. Nielsen:

This is in response to your note of 18 April requesting answers to an attached list of questions.

Emmons Brown discussed these questions with the Far East Division on 22 April. During this discussion, Mr. Brown indicated that he was speaking for you and the Division's oral answers to him would be adequate. He has requested another meeting with the Division, within the coming week, to complete the discussion of the questions. I understand he plans to prepare a paper for the Committee based upon these discussions and replies from other agencies.

Sincerely,

ALLEN W. DULLES
Director
